

called for Sept. 1, 1977 Thursday

Special meeting of the Conway Twp Zoning Board was called to order ^{at 6:20pm} by Chairman Raymond Johnson - Present were Raymond Johnson, Ron Tuggle, Roger Pierson, Jo Mee Elnahove, Also Chester Dietrich, Maurice Kingsley, and Mr Harold Mascho.

No secretarys report - special meeting
Chairman asked Maurice Kingsley to introduce Mr Mascho and the reason for meeting. The trailer that Mascho wants is an usual situation, and the regular meeting is not until November, and Mr. Mascho has property on lovejoy Rd. He had surgery recently and chances were very slim for survival - so he arranged his affairs, ~~and~~ with his family - his son to receive the property 40 A, and is getting married soon and wants to live in the house - so Mr Harold Mascho wants permit to for a 14x10 trailer for he and his wife to live in, and this is his plans, he has the spot in mind and wants a permanent foundation - ^{so can tie down} Discussion was that by county code this isn't possible ~~but~~ to pour a slab and skirt to make it portable -

Ron Tuggle made motion that Mr. Mascho be granted the permit with all the specifications being met, with the approval of the township boards ~~and~~ Seconded by Roger Pierson Discussion Passed

a zoning ~~board~~ ^{book} was then given to Mr. Mascho!

w/ no time stipulation, as the trailer

Maurice then informed the board that there are three trailers problems ~~not~~ now in the attorneys hands, the Mudry on Sherwood Rd the Marco, on Grant Rd. and the Wilson, They are to show cause for their permit, and have not showed progress to build — action is in district court, — its not being fair to other residents within the township

Motion by Ron to wrap it up, send by Jo to dismiss at 9:35 pm
