Chairman then opened the regular meeting of zoning board, at 8:40 pm.

Discussion and questions ask of Harry Kreeger of Kreeger Farms of his operation at the farm Mohrle Rd. Some of questions were:-

Do you at Mohrle have retail license - no, just stores up town and they are commercial.

What do you sell? milk, icecream, hamburger, eggs very few - they are his own products - except eggs and that's so few -

He had to get a sales clerks license - but don't know why! He has many farms to file out and has an inspection often. No more questions -

Chet ~~Maurice~~ then introduced Diane Cottongim - they r going to buy the lively property on Sober Rd. 25 Acres front and 8 Acres on the back, they drive & train racehorses and are going to build a half mile track - going to fence it all and paint the fence and buildings - for the owners of horses will come to see them, they want a permit to put a trailer for his brother - he helps and they need help and can't afford to build a house as yet, they will put in a septic tank and possibly a well. - the trailer will be in the ~~helps~~ ^{brothers} name - Explanation was made to her - it will be large - the brother has three children - no sight for it as yet - several ideal spots. Motion by Ron Seconded by Roger that the zoning board recommend to township board - a trailer permit be granted to Fred Cottongim's brother, address now 22900 Sandra, South Lyon 48178
